

REMARKS

Claim 59-67, and 78-83 are pending the application. Claims 59 and 83 were amended, and claims 65-67 were canceled in the Response filed July 2, 2008.

Statement that Reply is not fully responsive

The Office action states that the reply filed July 2, 2008 is not fully responsive because the Applicants failed to indicate where in the specification support for the claim amendments can be found.

Applicants respectfully submit that there is no explicit requirement that support for each amendment be called out in order for a Reply to be fully responsive. However, for the convenience of the Examiner, Applicants set out below where support for the claim amendments can be found. Applicants note that the indicated passages may not be the only locations in the specification in which particular support may be found, but are examples.

Claim 59

Paragraph 1: Figure 1; Figure 4; page 14, lines 21-23; and page 31, lines 3-8

Paragraph 2: Figure 4, page 14; line 21-Page 15, line 4; and Figure 14

Paragraph 4: page 11, lines 15-20; page 22, lines 5-14; and page 29, lines 1-13

Paragraph 6: page 10, lines 3-13

Paragraph 7: page 29, lines 14-19; and page 33, lines 10-21

Paragraph 8: page 24, lines 7-21; Figure 2; Figure 11, element 408 and description

Independent claim 83 includes limitations and amendments similar to those in claim 59. Therefore the same specification references can be used to support the amendments to claim 83.

CONCLUSION

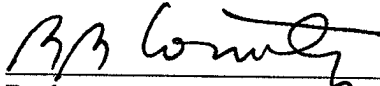

Applicants respectfully submit that the request to show support for the claim amendments has been complied with. The Examiner is respectfully encouraged to telephone the undersigned if a discussion may expedite the examination process.
